

VIRTUAL VISITS WITH

COY BOWLES

HOW IT WORKS

FUN FOR ALL, BIG & SMALL!

As much as Coy loves to visit in person, he understands that we are living in very unusual times. These live or pre-recorded virtual visits are designed to help our early childhood students stay positive as well as love books, enjoy reading & see themselves as readers. Coy wants to be sure that he is able to continue to visit with all of you in some capacity, so we have established the following guidelines for those virtual visits.

EARLY LEARNERS

After a year of virtual visits, we've realized the splitting performances for early learners into two groups, Pre-K through 2nd Grade & 3rd through 5th Grade, generally works best. Of course, we're always open to whatever works best for you!

Coy's original children's music & books are educationally designed to energize language development & empower children to reach their full potential. Perfect for early childhood classrooms & young children at home, Coy has 5 books & 10 songs that you & your little one will LOVE!

Check out Coy's books & music here & see for yourself how it will enhance everyday family fun & optimize early music & language enrichment classes.

MIDDLE & HIGH SCHOOL

As a three-time Grammy-winning musician & college music Professor, Coy loves discussing creativity, motivation & inspiration with students in middle school & high school. With real-life advice peppered with stories from life on the road, Coy is sure to inspire your school's students to pursue their dreams, believe in themselves & always work hard to get what you want.
